Thinking Out Loud

(By H. M. L.)

An embargo on talk? Yes, indeed. England refuses to permit Baron Pompaeo Aloisi to broadcast his propaganda via English broadcasting stations to the United States. Shall we be offended at this English impertinence? Well hardly. We only wish that our radio conversationalists could be choked off as easily. So far as the Baron is concerned we have enough talk in this country without importing any.

While the war in Ethiopia seems to be one of extermination so far as the Ethiopians are concerned, we have not begun to worry yet about the extinction of the black empire. Mysterious forces from outside the empire are continually dribbling into the country and augmenting the forces of Ethiopia. Black Eritreans are crossing over with arms given them by the Italians. Only one conclusion can be drawn from this incident, and that is, these blacks have tasted the superior Italian culture and no longer have a stomach for it.

Harry Hapkins WPA chief, has promised that 3,500,000 idle pairs of hands shall be employed by November 1. This would mean that he would have to find jobs at the rate of 85,000 daily, approximately. In other words, to keep his promise, he must put more men to work in the next three weeks than he has all summer. The Washington Merry-Go-Round has a merry paragraph about Mr. Hopkin's optimism.

And now Mr. Hoover asserts that the New Deal promises to be a bad deal for all the nation's endowed institutions of learning and research. It probably does. President Roosevelt's effort to make all wealth bear its proportionate share of government cost may ultimately affect the great endowments of educational institutions. Mr. Hoover, states, that undermining of endowments will result finally in the support of these institutions out of tax funds, and when that happens these citadels of human liberty will be restricted in their activities. They will be subject to the whim, in other words, of the people who pay taxes for their support. But we cannot feel much alarmed for this reason: we believe the New Deal has to all practical purposes run its course. What the New Deal promises no longer matters, for it will not be permitted to keep its promises. The fever is nearly gone and with it its hallucinations. Convalescence has begun and Uncle Sam will soon be himself again.

There will be residual benefits from the New Deal and it is possible that these benefits will be worth their cost. The Citizens Conservation Corps, has been worth far more to the young manhood of the country than it cost, and under any administration it should be continued. Social legislation, providing for unemployment insurance and old age assistance are undoubtedly here to stay, and is assuredly of immeasurable value.

The AAA, which attemps to do for farmers what the tariff has already done for manufacturers and industrialists, has been proved a costly blunder, but some method must be found to do what the AAA was intended to do. Our economic system places altogether too many handicaps upon agriculture, in addition to the hazards it must face in drought, flood, extreme cold or heat. The securities act to protect the great mass of investors against the rapacity of gambling sharks in the exchanges is another measure for which we must thank the New Deal.

But for these few, though very positive benefits, this country has been plunged into debt of many billons. With another European war in the offing the foreign demand for everything we produce, in field and mine and factory, delivered to buyers on a spot cash basis at our seaports, may soon right that enormous deficit. For it would seem very certain that having burned our fingers in the World War, we would never again extend credit, private or governmental, to any nation on earth during a war. Even though we were thus temporarily advantaged, for every war there is a morning after. In any event it seems probable that, short of inflation, our grandchildren will still be paying off the billions of debt incurred by the Roosevelt administration to "save" this country.

MAJOR DELANEY ON DISTRICT VFW WELFARE BOARD

Major Leroy Delaney, of Nevada City, has been appointed Inspector Appraiser of the Veteran Welfare Board of the Northern District of California and at present is on duty in Sacramento. Major Delaney was recently elected commander of Banner Mountain Post, V. F. W., No. 2655 of Nevada City for the year 1936 and will take office in November, succeeding commander C. E. Bosworth. The local post feels very much honored in having one of their members appointed to the welfare board.

SNOW AT GAP AND YUBA PASS

The present storm has brought six inches of snow at the Summit and motarists without chains were obliged to turn back this morning The precipitation this season thus far has amounted to 1.62 inches according to Mrs. Helen Berger who maintains a rain gauge.

The big snow plow was taken from the Highway Division Camp in Nevada City just after noon and sent to Downieville from where it will be taken over by a crew and sent to the Yuba Pass where four inches of snow had fallen at ten o'clock this morning.

WILD LIFE SURVEY ABOVE BOULDER DAM

LOS ANGELES, Oct. 14.—A partial survey of what is happening to the wild life that has inhabited the portion of the Colorado River Canyon immediately above the recently dedicated Boulder Dam, has been made by Charles M. Bogert, graduate student and teaching assistant, on the Los Angeles campus of the University of California. He was interested particularly in that portion of the canyon that is now filling with water to form the Boulder Lake, above the dam. He was granted his research permit through Dr. Raymond B. Cowles, assistant professor of zoology, on the Los Angeles campus.

At the time of his arrival at the lake, Bogert found that most animals and reptiles on marooned on high points in the canyon had dieo or had drowned in swimming ashore. The canyon is rapidly being emptied of animal life, the animals having moved further up where they have adapted themselves to new conditions. No species has been wiped out by the change. Bird life seems to be little affected.

From his expedition, however, Bogert was successful in bringing back 500 reptilian specimens, preserved in formaldehyde, for use in laboratory study on the campus.

On his initial visit to the islands dotting the new formed lake, Bogert was disappointed in finding little trace of rattlers common to the region. "I decided to stay all night and, just before I turned in, I explored the place again. There were no sidewinders visible during the day, but the place was overrun with snake tracks after night." he stated.

Bogert considers his most valuable specimen to bea soft-shelled mud turtle which is uncommon to the Boulder district. The turtle is a habitant of a more southern latitude. A side trip into the Charleston Mountains, at an elevation of 12,-00 feet, was valuable in uncovering six species of rattlesnakes, of which three, the mojave, the panamint and the sidewinder, were brought back byBogert.

The Grand Canyon rattlesnake, one of the objects of the naturalists' search, was only sighted on one occasion, but flooded conditions of the campsite prevented him from obtaining a specimen.

DANCE POSTPONED

The Redmen's dance planned for October 19 at Twamley Hall, North San Juan has been postponed due to the weather. The roofing of the hall has not yet been completed and the inclement weather makes it a necessity.

LAW FOILS SIERRA COUNTY RECALLERS

According to advice received from Downieville, the Sierra County board of supervisors have rejected the recall petition submitted by voters of Alleghany, who desired to retire Supervisor Tom Davies. The petition was rejected for the reason that those signing it, 65 in number, neglected to set down the date of then signature as required by law, and the petition was returned as insufficient.

YELLOWJACKETS VICTORS AGAIN

Viewed by a fair crowd and playing on a slightly muddy field, the Nevada City high school eleven crossed Roseville's goal line four times during the game Saturday afternoon and left the field with a 25 to 0 victory chalked up for them. The boys from the railroad center were unable to keep back the steady march of the Yellowjackets, and their attempts to score were fruitless. This marks up the second victory in the second league game of the season, and the Purple and Gold gridders are out for high honors this year.

Coach Barron started his second string Saturday and was not disappointed in their playing. Unable to score, they managed to hold the Roseville first string scoreless to the end of the first quarter.

The first team started in the second quarter and began right away to worry the opponents by hanging around rather close to their goal line. Burgen on a quarterback sneak carried the ball over for the first tally. An attempt to convert failed. Score at the end of the second quarter; Nevada City 6; Roseville 0.

In the third session, Roseville kicked and Nevada City received and again started its march down the field. Punts were exchanged until Nevada City sent Stevens across from Roseville's thirty for the second goal. The Yellowjackets kicked, but Ray Wilde managed to take it over the line shortly after from the opponent's twenty on an off-tackle play. Wilde came back to make good a conversion on a place kick. Score at the end of the third quarter, Nevada City 19, Roseville 0.

On a cross buck in the last quarter, Budie ran it over from the six yard line, and the gun fired with the ball in Yellowjacket possession. Final score: Nevada City 25, Roseville 0.

Wilde, Stevens, Burgen, Doolittle, Roberts and Steger were in good form in Saturday's contest. Budie looked great on the send off end of the pig-skin with Elliott doing some first class snatching. Tuttle was at his best in the righ end possession and showed up well in the playing.

Nevada City threatened the Roseville line many times during the game, and if the first team had started the game, there would no doubt have been even a larger score in favor of the locals. No injuries were received outside of the usual temporary scratches and bruises expected in a gridiron contest.

The starting players were: LE, Bonner; LT, Perez; LG, Roberts; C, Tobiassen; RG, Barry; RT, Stephens; RE, Tuttle; Q, Wilde; LH, Widauf; RH, Burgen; F, Jones. All of the players saw action sometime during the game.

VICTIM OF "SOFT SHOULDER"

F. M. Sweinhart of Camptonville was a victim of a "soft shoulder" last week. Enroute to home after his days work he turned out on the road to permit another automobile to pass, getting into a soft shoulder which gave way. His car rolled over the embankment. Mr. Sweinhart as a result has a badly fractured left leg, with both bones being broken above the ankle. The broken bones were set by Dr. A. H. Tickell.

These soft shoulders on the roads are a dangerous menace to winter driving.

BURIAL OF MRS. ADELAIDE KREISS

Funeral services were held on October 6 in San Francisco for the late Mrs. Adelaide Kreiss. The deceased was born in Nevada City, she was the former Addie Boardman who lived here for many years and was an active member of Evangeline Chapter, O. E. S.

Surviving her are her husband and

TWO HUNDRED AT GUILD DINNER

The ladies of Trinity Episcopal church feel well repaid for their work in preparing the big dinner given by them at Masonic Hall on Friday night. Over two hundred persons were served and all pronounced it a fine dinner. The ladies wish to thank their many friends who so generously donated and assisted in the affair. Especially do they wish to thank the Masons for the use of the banquet hall and lodge room, and the Elks who lent their dishes and cutlery.

Bishop Porter in his address complimented the Guild on their accomplishments, and spoke of the proposed Guild hall as another instrument in making Nevada City and Trinity church a greater influence for Christian life. He especially complimented Miss Elma Hecker on having doubled the attendance at Sunday school and graciously accepted for himself and Mrs. Porter, a beautiful fern which was presented by the Sunday school. In the Masonic lodge room a beautiful exhibit of water colors of Nevada City and vicinity painter by Gilbert Warner, was enjoyed by those attending the dinner.

GRASS VALLEY TO CELEBRATE GOLD DISCOVERY

GRASS VALLEY, Oct. 14.—Setting the story of the first discovery of quartz gold in California to music, lines and dances is the job of Mrs. Louise Wales, chairman of the exercises commemorating the 85th "toe-stubbing" episode of George McKnight, who kicked an outcropping of the rich Gold Hill ledge in October, 1850.

Mrs. Wales is chairman for Manzanita Parlor No. 29, Native Daughters of the Golden West, which have handled the formal program of the city's two day Quartz Gold Discovery celebration for the past five years. The 1935 program, varied and unusual in nature, in contrast to the pageantry of former years, will be presented in the Veterans Memorial building at 2:30 o'clock of Sunday, October 27 There will be no admission charge.

The program will be the closing event of the celebration, which will open on Saturday afternoon with a cross country race, the fifth annual, continue through an early evening juvenile Mardi Gras with a Hallowe'en theme and conclude on Saturday night, October 26 with the Gold Quartz Ball at the Veterans Memorial building, and Chiseler's Gulch attractions.

SCHOOL BOARD ASKED FOR SHELTER STATION

A petition, in the form of individual letters, will be presented to the board of education at their meeting tonight. The letters are from parents of nine of the sixteen children who wait at the intersection of the Downieville highway and the Indian Flat road for the school bus to bring them to the Nevada City grammar school and high school. The letters ask the trustees to furnish shelter for the children while waiting for the bus.

WINTER CARD PARTY SERIES

The Odd Fellows and Rebekah lodges of Nevada City, Grass Valley, and Colfax are arranging to hold another series of their popular dances and card parties, the first to be held about November first. These delightful affairs are to be held every two weeks and each one will be different. Fred Crabbe of Nevada City was elected chairman and will be assisted by large committees from both organizations. Many members enjoyed last year's series.

The Odd Fellows and Rebekahs of Colfax are preparing for a big celebration of dancing and cards on Hallowe'en night.

ALBERT PRATTI WINS BATTLE WITH MAD BUCK

Albert Pratti, of this city, while deer hunting near Blue Canyon Sunday brought down a three-point buck after a harrowing experience. Albert was sitting in the lookout while the dogs and other hunters in the party were working the deep American River Canyon, coming towards him. While watching alertly for a deer to appear imagine his surprise and shock to have a furious young buck suddenly appear at his side and lunge at him from the left side. The buck's fore feet armed with sharp hoofs struck his wrist and legs. The deer backed off for another charge, head down, sharp horns ready for a swift, vicious thrust. Albert jumped up and had presence of mind to side-step as the buck dashed down the hill and missed him. He raised his rifle shooting three times. Each bullet found its mark and the buck dropped.

The rest of the hunters rushed up on hearing the disturbance and found Albert was bleeding profusely from a cut on the wrist where the deer struck him the first time. William Hatch, Jack Townsend, Gus Hanks of Nevada City, Gene Hughes, Grass Valley and Bill Moulton of Chicago Park were among those in the hunting party.

HIT RUN DRIVER HURT WATCHMAN

Nightwatchman Howard W. Brown while on duty Friday night at 11 p. m. was struck by the front fender of a car at the corner of Broad and Sacramento streets while stepping from the curb, the driver sped on leaving Mr. Brown lying in the street. Mr. Brown went to the National Hotel where Dr. W. W. Reed made an examination and found no bones broken but a severely sprained shoulder. He continued on duty though his arm and shoulder were quite painfully sore.

CCC ENROLLEES MAKE GOOD IN FORESTRY

Director Robert Fechner's desire that outstanding enrolees in the Civilian Conservation Corps be promoted to responsible jobs in the forest service is being realized according to a statement by S. B. Show, U. S. Regional Forester for California.

During the enrollment period closing this month 38 boys have been taken from the ranks of the CCC and given positions as auto mechanics, truck drivers, tractor operators, construction foremen, forest lookouts and forest guards on the national forests of California. Forest service officials who give the vocational training and instructions in forestry say that the corps contains many men who by inclination and ability will become excellent foresters as well as being first class fire fighters.

In their new jobs the CCC men were members of the administrative forces of the Forest Service which direct and supervise sixty or more conservation activities on the national forests. Their experience will be of great assistance in obtaining work after leaving the CCC.

Those promoted during the past enrollment period in the national forests of California were placed as follows:

Placements were made as follows:

Truck drivers and automotive machine operators, 11; trail locator, 1; foreman 4, forest lookout, 8; camp clerk, 2; auto mechanic, 1; road and trail work, 5; forest guard, 6; carpenter, 1. ;

BANNER MT. POST V. F. W.

Thursday evening Banner Mountain Post, V F. W., held an election of officers nominating Major Leroy Delaney, commander; Ed Rose, Sr. vice; Frank Wright, Jr. vice; Joseph Day, chaplain; Joseph Mitchell, quartermaster; C. E. Bosworth, trustee. The appointive officers are to be chosen by committee at a later date. The post is arranging for a big initiation on Saturday evening, October 19. at a specially called meeting.

REV. H. BUCKNER RECEIVES LETTER FROM PRESIDENT

When President Roosevelt appealed to representative clergymen the nation over for advice as to prevailing conditions in all parts of the country, he did not overlook Nevada City. Rev. H. H. Buckner of the Methodist church of this city was the recipient of such a letter recently. Not every clergyman was sent such a letter however, it was in stereotyped form, of course, and worded the same to each minister.

In brief, the letter is a request for answers describing the conditions in the particular communities to which the letters are sent, and asking in what way it is felt that the government can better serve the people. In one part the President writes: "We can solve our many problems, but no one man or single group can do it,—we shall have to work together for the common end of better spiritual and material conditions for the American people."

Rev. Buckner will lend his cooperation in this plan in a reply to be sent shortly.

CONS. METALS IS DRIFTING ON ORE

Mr. Morse of the Consolidated Metals Corp. stated Saturday that he has a double compartment shaft down 65 feet on the property which is located near Lake Vera. He states that there is a 3½ foot vein in the shaft and a 30 foot drift running east in the vein showing a 4½ foot vein in the drift. Sixty tons of ore on the dumps average $25. Twelve men are working on the property getting ore ready for shipment. It is a sulphide ore carrying gold and silver values.

Mr. Morse has called Chas. W. Kitts, corporation mining attorney of San Francisco to Nevada City on two different ocassions to examine titles and O. K. his contracts with the owners of properties. He also has had R. E. Tilden, U. S. mineral surveyor and geologist to survey the properties in full, stake and run the lines and draw maps of it.

SENTENCE IMPENDS FOR FAILURE TO PROVIDE

Judge Raglan Tuttle of the superior court will sentence James Liva, convicted last week of failure to provide for a minor child. Liva claimed the child was not his and a blood test failed to show conclusively that he was the father of the child. Other evidence, however, tended to establish his paternity. Since conviction Liva states he will sue for the custody of the child.

GYPSY BAND DOES NOT HESITATE IN NEV. CITY

A caravan of cars carrying about twenty five lively and gaudily dressed gypsies, in Romany attire, arrived in Nevada City Friday and were promptly moved on by Chief of Police Garfield Robson. It is believed they are the same group that were not permitted to stay overnight in Dunsmuir recently. Their cars carried license plates from Montana, Arizona, Utah and Oregon, giving some idea of their travels. It was suggested they might be delegates returning from a gypsy rendezvous.

PROPERTY EXAMINED

During the past week end Messrs. Hal Draper, Nevada City assayer, and W. W. Waggoner, geologist, made a rough survey and sampled the drift on the mining ground of Earl D Woodruff which is located west of Nevada City, just across the South Yuba river. If the assays show up well a more complete survey is to be made. Mr. Woodruff has a long time lease on the property.

Wanted: 20,000 Men

(Contributed)

What sort of topsy turvy era is this, anyway?

By all the laws of economics, common sense, human nature and Ameircan tradition, a sign saying "Wanted: 20,000 able-bodied men" posted in California today, where some 730,000 are out of work, ought to start a veritable stampede of unemployed.

Yet the sign has been posted and the men have not come.

As a result California farmers are facing crop losses which may run into hundreds of thousands of dollars. They cannot get workers to pick their tomatoes and their lettuce and their cotton.

Now the farmers do not propose to take this lying down. Last week they organized a powerful coalition of various agricultural groups with the object of carrying to the public their fight for revision of relief methods. Unquestionably they will get wholehearted public support. Even the average man unversed in the high-flown language of economics understands that things of this sort are not supposed to happen and that when they do happen, they are all to his disadvantage.

The difficulty is easy to recognize and simple to remedy. It is merely that relief wages or even the dole in metropolitan centers looks more attractive to the unemployed than labor in the fields. The solution is simply to make relief work and the dole extremely unattractive for those men who are able-bodied and capable of working in the fields.

The farmers have demanded that relief be denied these men, particularly in San Fernando and San Joaquin valleys. They have demanded that work-relief wage scales in California and other agricultural states be equalized. And they have demanded that work relief be not permitted to compete with private farm labor needs.

It would be a strange taxpayer indeed who thought these demands unjust, since it is he who must continue to shell out for the support of those who fail to respond to the call, "Wanted: 20,000 able-bodied men."

Mrs. Arnold Jackson Hostesses Club

Mrs. Arnold Jackson of Nevada City most graciously entertained her club at two tables of bridge Wednesday afternoon with high scores being made by Mrs. Sigfried, first; Mrs. Clark, Grass Valley, second; and Mrs. Nelson, Glennbrook third. Lovely autumn flowers decorated the home. Dainty refreshments were served at the close of the afternoon.

ANY YOUTH CAN WORK HIS WAY THROUGH U. C.

LOS ANGELES, Oct 14.—That it is entirely possible for any young man with average ability and serious intent to work his way through college in four or four and a half years is the conclusion of Dr. Earl Joyce Miller, dean of the University of California.

From information on file in his office, Dr. Miller discloses that last year 63 per cent of all men students worked their way partly or wholly through school. "This raises the question, does working seriously interfere with school studies?" the dean stated.

"This may be answered by the fact that those students working their way through made grades a trifle better than those who did not work. Of course, we have no way of knowing what grades these working students might make if they were unburdened. They might be even better. What I do say, is that working does not seriously interfere with studies," Dr. Miller stated.

A total of 515 men students were entirely self-supporting during the semester ending June, 1935, according to figures from Dean Miller's office, while 157 women students supported themselves, according to figures from Mrs. Helen M. Laughlin, dean of women.

In addition, 1,867 from an enrollment of 2,913 men students, were partially self-supporting Seven hundred and fifty eight women from a total of 3,000 women, similarly were employed outside.

Any student who can board and room at home need not be deprived of a university education in the opinion of Dr. Miller.

On Tuesday, October 8, a baby girl weighing almost seven pounds, was born to Mr. and Mrs. Raymond Packwood in Sacramento. Mrs. Packwood is the daughter of Mr. and Mrs. Ernest Cole of Nevada City and it was while here that she met and married Lieutenant Packwood.

Mr. Packwood was with the reserve officers staff in the CCC work here, coming from his home in Brawley, Imperial county. The little daughter is the first grandchild in his family and there is great rejoicing among family members on both sides. A host of friends they made in this city are pleased to learn of the happy event.

Guest Evening At Civic Club

The Nevada City Woman's Civic Club will hold its regular meeting at the Brand Studio tonight at eight o'clock. All members are urged to attend and bring a guest.

Mrs. E. E. Smith of Anaheim, the state director of literature, will be the guest speaker of the evening.

ALIAS SUMMONS.
No. 6395

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF NEVADA.

Action brought in the Superior Court of the County of Nevada and Complaint filed in the Office of the Clerk of the Superior Court of said County.

Jones and Finnegan, and Drum, Tucker, Martell and Drum, Attorneys for Plaintiff.

HERBERT M. BERGEN, as Executor of the Last Will and Testament of Karolina Bierwagen, Deceased, Plaintiff, vs. W. E. SODEN, Defendant.

The People of the State of California Send Greetings to:

W. E. SODEN, Defendant.

You are directed to appear in an action brought against you by the above named Plaintiff in the Superior Court of the State of California, in and for the County of Nevada, and to answer the Supplemental Complaint therein within ten days after the service on you of this Alias Summons, if served within the County of Nevada, or within thirty days if served elsewhere, and you are notified that unless you so appear and answer as above required, the plaintiff will take judgment for any money or damages demanded in the Supplemental Complaint, as arising upon contract, or will apply to the Court for any other relief demanded in the Supplemental Complaint.

Given under my hand and seal of the Superior Court of the County of Nevada, State of California, this 7th day of June, 1935.

R N McCORMACK,
County Clerk and Clerk of the Superoir Court of the State of California, in and for the County of Nevada.

(Seal Superior Court, Nevada County.)

Sept. 30, Oct. 7, 14, 21, 28, Nov. 4, 11, 18, 25.

GOOD SERVICE COSTS NO MORE
A modern establishment—a trained, intelligent and courteous personnel — distinctive motor equipment and other evidences of progress and prosperity are NOT an indication that funeral service charges will be high. A successful concern can be built only by serving honestly and well, at prices that are fair and reasonable.

An Apple A Day Here For Thousands

The apple harvest is at its hight In Nevada County, these scenes showing activities at the Loma Rica Ranch, which has one of the largest apple acreages in Superior California.

Top—The packing shed at Grass Valley, with inset showing the foreman, Ed. Fisk.

Center—Chester Hill dumping apples into the grader.

Bottom—Washer and grader where apples are prepared for packing and shipment to market.

MILLION MARK IS NEARED IN TEST

Almost 100,000 Cows Have Been Eliminated As Tuberculin Reactors

Tuberculin testing of cows under federal and state cooperation has been extended during the past fourteen months to 816,291 animals.

A report issued by Dr. C. U. Duckworth, chief of the state division of animal industry, shows that 98,152 were found to be reactors, and have been removed from the 13,313 herds in which they were present.

(Courtesy Sacramento Bee)

NEW BEAUTY SALON

Workmen are busily engaged this week in remodeling the interior of the former Ainsworth beauty parlor on Lower Broad street in this city, into the Charles Beauty Salon. Mr. Charles Mills, who is reopening the beauty parlor is sparing no pains to make the shop modern in every way.

L. D. S. SOCIAL MEETING

A most enjoyable meeting was held in the L. D. S. church Saturday evening, October 12, in Grass Valley when about sixty primary children and parents from the twin cities held a happy session. During the summer a study was made of different nations and their dances were carried out at the meeting Saturday. Pretty drills of all nations were an attractive sight. The president, Mrs. Sarah Campbell was in charge of the happy affair.

JOHN O'NEILL ILL

John W. O'Neill, who has been in bad health for two or three weeks is today confined to his home. He is suffering from a bad cold but it is beginning to show improvement. This is good news to his many friends.

WANTED—Clean rags at the Nugget Office.

PNEUMONIA VICTIM BURIED TOMORROW

Joseph Henry Flanagen, 55, of Ganiteville passed away Saturday. Death was due to pneumonia. Deceased was a native of Smartsville section, the son of Michael Flanagan, pioneer resident of that place.

He was known to almost all the older residents of this city who knew the Graniteville section while it was a frontier section. He was a member of Nevada City Lodge of Elks. Surviving him is his sister, Mrs. Mary Gillen of Nevada City.

For many years Joseph Flanagen was care taker at Bowman Lake and also at English Mountain.

His mail route was at one time between Graniteville and Bloomfield. He was one of the most expert men on snowshoes and no mountain storm ever kept him from getting the mail through.

A solemn high mass will be held at St. Canice Catholic church at 10 o'clock tomorrow morning, with Father P. J. O'Reilly officiating. Interment will be made in the Smartsville cemetery under the auspices of the Holmes Funeral Home.

BIRTHS

BORN: Sunday, October 13, 1935 at the Nevada City Sanitarium, to Mr. and Mrs. N. S. Skadham of Nevada City, a daughter.

BORN: Sunday, October 13, 1935, at the Nevada City Sanitarium, to Mr. and Mrs. N. S. Stedham of Nevada City, a daughter, Shirley Lee.

BORN: Thursday, October 10, 1935, at the Nevada City Sanitarium, to Mr. and Mrs. N. H. Axheim, a son.

Laurel Parlor Members At Marysville Dinner

A group of Native Daughters of Laurel Parlor No. 6 attended the dinner in Marysville on Saturday at which Mrs. Anna C. Theusen, Grand President, was honored. Attending the affair from Nevada City were: Mesdames Clara Phillips, Mary Martin, Virginia O'Neill, Margaret Fortier, Edith Davey, Annei Darke, Annie Hooper, Nancy James, Jessie Scott, Marguerite Clark, Adeline O'Conner and Lottie Elen.

Personal

Lloyd Dudley and wife of Nevada City visited Mrs. Dudley's parents, Mr. and Mrs. W. E. Moulton at French Corral over the week end.

Richard Parsons returned home today after a weeks vacation in the bay region.

Dr. David H. Reeder, of Kansas City, Mo., will arrive in Nevada City, Tuesday afternoon to stay with Mr. and Mrs. Ludwig Netz, on Factory street, for a few weeks vacation. Dr. Reeder is the doctor who cured Mr. Netz of arthritis after being given up by other physicians. A warm friendship sprang up between the two and hence this visit to Nevada City.

Mrs. Tilly Turner and three children from the state of Nevada are visiting Mrs. Turner's mother Mrs. Ernest Peterson on Zion street.

Mrs. Emma Foley of this city received a message from her daughter Mrs. Frank Hoagland of Reno, Nevada, in which she stated she with her husband and baby had just returned from a visit with relatives in Chicago and Detroit. They purchased a car at Detroit and drove it to Reno. Mrs. Hoagland was formerly Miss Romayne Foley of this city.

Mr. and Mrs. Joseph Ryan of Reno, Nevada, spent Sunday in Nevada City visiting Mrs. Ryan's sister, Mrs. Emma Foley, and other relatives at Columbia Hill.

Mr. and Ms. Otto E. Schiffner motored to Sacramento today. Cecil Schiffner, student at the junior college, returned to Sacramento with them. Mr. and Mrs. Milton E. Schiffner of San Francisco will come to Nevada City with them this evening to remain for a visit.

Miss Louise Schreiber of San Francisco spent the week end with her parents, Mr. and Mrs. Ernest Schreiber.

Mr. and Mrs. R. L. P. Bigelow left yesterday for a vacation in the bay region. They will also visit Fresno.

Mr. and Mrs. Pierson Tuttle of Auburn spent the week end with Judge and Mrs. Raglan Tuttle.

NO NOTICE OF PAY DAY MINE MANAGER JAILED

H. B. Morse, superintendent of the Consolidated Metals mining company, which has a large holding under development near Lake Vera, was arrested yesterday on complaint of Dick Haddy for failure to post notice of pay day as required by law. Pending the posting of $1,000 bail Morse was lodged in jail. Haddy employed at the mine claims he has not been paid for three weeks.

Major and Mrs. Leroy Delaney and Miss Roxanne Boggs, who reside in the Barker house on Main street, are moving to an apartment at the National Hotel this week. Major Delaney, who has been in Sacramento on work pertaining to the Northern District Welfare Board of the Veterans of Foreign Wars, spent the week end in Nevada City with his family.

Mrs. George Gildersleeve of this city returned Sunday from Oakley, where she instituted Wichita Council, No. 218, Degree of Pocahontas.

SMALL FIRES

State Ranger W. F. Sharp and crew have answered calls for three fires this week, on Monday evening at the Red Hat service station, one Tuesday evening at the Game Cock inn west of Grass Valley and one Wednesday noon at North San Juan. All the fires were small and quickly put out. Important however is the fact that the one at the Red Hat Inn was probably started by a careless smoker and the one at North San Juan by campers.

Mrs. Los Kamp Visits Seattle After 30 Years

Mrs. Etta Los Kamp returned last night with Mr. and Mrs. Charles Elliott from a vacation trip in Oregon and Washington. Mrs. Los Kamp says they were in a downpour from the time they left Portland Saturday until they reached Crescent City.

This was Mrs. Los Kamp's first visit to Seattle since she lived there thirty years ago and she noted very many changes. She visited relatives and old friends who entertained her.

She had a ride on the Kalakola, the stream lined boat which plies between Seattle and Bremerton where are the snip yards.

Hi Freshmen to Give Party October 18.

The Class of 1939 of Nevada City high school will have its first opportunity of entertaining the other members of the student body when it gives the annual Freshman party next Friday evening at the high school building. Starting at eight o'clock, the function will last until eleven.

Miss Nancy Jones, freshman advisor, announced the following committee to take charge of the affair: Chairman, Katherine Saban; committee members, Thelma Maempe, Victoria Soga, Virginia Carday, and Evelyn Elliott.

Nevada Theatre

MONDAY AND TUESDAY

PUBLIC HERO NO.1- The film story of Federal agents and their never ending battle with criminals, packed with dynamite, tense climax, courage, heroism and martyrdom. Lionel Barrymore, Jean Arthur and Chester Morris are the stars.

WEDNESDAY AND THURSDAY

TOP HAT- Music and lyrics by Irving Berlin, with Ginger Rogers and Fred Astaire in the leads. A whirl-wind, whooperino show. Fast stepping to a zipping rythm, and fun no-end.

SUPERFEX

oil burning **HEATERS**

IF WINTER usually means months of stoking and ash-hauling for you, investigate the Superfex Heat-Director! Connected to a flue like an ordinary stove, it burns inexpensive fuel oil and directs the heat where you want it.

No moving mechanism. No drafts to regulate. To direct the heat, just open the patented heat-projectors on one, two or three sides of the heater. All Superfex Heater models are listed as standard by the Fire Underwriters. Terms to suit your convenience. A product of Perfection Stove Co.

Cross section of Superfex Heat-Director above, shows how it works. Oil flows through copper pipe from removable reservoir to burner bowl in which constant level is automatically maintained. Fire is lighted through opening in front with no more kindling than a piece of paper. Constant control of heat by means of simple dial at rear.
